

## TechTool Pro Report

# Surface Scan

**Completed:**  
08 May 2016 11:20

**Device:**  
121.33 GB APPLE SSD SM128E  
S0YBNYAD438456

**PASSED**

0 bad blocks.

The Surface Scan test checks a hard drive for physical bad blocks. If a file resides on a bad block, the test reports the filename and the block location.
